Built to provide easy access inside from every angle with multiple sliding doors and large windows, you can capture the magical views from everywhere.

Covered verandas on three sides with a large entertaining space at the front of the property for your barbecues and outdoor dining.

This home is really unique and displays beautiful timber beams, feature corrugated iron ceiling and a stunning timber staircase to the mezzanine level. The home is completely open planned, generously proportioned and with a central slow combustion fireplace, allows you to choose the perfect layout or zones that suit your family.

The combined bathroom and laundry area is located at the rear of the lounge room with stencil concrete flooring, and there is one bedroom on the ground floor with access out to the carport.
