“SOUTHERN CROSSING”

A QUIRKY COTTAGE ... IN A MAGIC SETTING!

Entering “SOUTHERN CROSSING” is like entering another world. The driveway takes you over Cedar Creek, via a narrow bridge, through the rainforest, to more open parkland. While the creek that runs through the property is a major feature, so is the variety of vegetation. The parkland & rainforest combine to feature gum trees & Bunya pines, stands of giant bamboo & a sprinkling of flowering trees, fruit trees & nut trees, and fields of ferns. There are paths to explore, where you can lose yourself just listening to the birds, away from everyone.

The quirky cottage sits in a private setting, towards the rear of the 22 acre (9.07 ha) block, in the parkland section. Externally, it is a Hardiplank-clad cottage that, while not a homestead, is almost surrounded by veranda & deck. It's hard to know the front from the back!

Inside, there is a colourful lounge with a timber floor & slow combustion fire, and a second cosy, air-conditioned living area, with light from 3 sides, that could be a dining room. The kitchen has a gas cooktop and plenty of storage that includes a pantry. However, the best “living area” is outside, on the L-shaped deck. This partly screened deck features a view over the parkland, down to the creek. Settle in and enjoy the view, it's fantastic!

The main bedroom has plenty of built-in robe space and direct access to the main bathroom and the great outdoors. The second bedroom is the result of a partly enclosed veranda and there is a small study & a second bathroom near the kitchen.
