

## GREAT FLOORING BUSINESS!

### A HOME-BASED FLOORCOVERING BUSINESS!

Are you looking for a home-based business?

Do you have the necessary skills to operate a floorcovering supply/installation business?

If the answer is yes, look at the opportunity available now with this established flooring business.

Over recent years this business has expanded its range to include all forms of plank flooring, with laminates that include vinyl & timber as well as bamboo.

The business has become the acknowledged authority on bamboo & other forms of plank flooring and covers a wide area of Southeast Queensland including the Fraser Coast, the Gympie Region & the Sunshine Coast.

While there are no trade qualifications required for floorcovering installation, and therefore you don't need to be a tradie, you do need to be handy. However, any handyman can do this!

So, if you are looking for a home-based business, and you have those skills, this business could be your perfect fit.

The business is priced for immediate sale!
